

DIAMOND HARBOUR WOMEN'S UNIVERSITY

A WEBINAR ON

“CONSERVATION OF BIO-DIVERSITY AND SUSTAINABILITY: ISSUES AND CHALLENGES”

CELEBRATION OF WORLD ENVIRONMENT DAY 2020 ON THE THEME “BIO-DIVERSITY”

Date of the Webinar: 23 July 2020

Organized By

Department of Geography

Diamond Harbour Women's University

Chief Patron

Professor Anuradha Mukhopadhyay,
The Hon'ble Vice Chancellor, DHWU.

Convener

Professor Sujit Mandal,
Dean, Faculty of Science, DHWU.

Organizing Committee

Professor Sujit Mandal, *Head,* Dept. of Geography,
DHWU

Dr. Shovan Ghosh, *Associate Professor,* Dept. of
Geography, DHWU

Dr. Anindya Basu, *Assistant Professor,* Dept. of
Geography, DHWU

Dr. Kapil Ghosh, *Assistant Professor,* Dept. of
Geography, DHWU

Mr. Somnath Sarkar, *Assistant Professor,* Dept. of
Geography, DHWU

Mr. Rajesh Karketta, *Assistant Professor,* Dept. of
Geography, DHWU

Key-note Speaker:

Prof. (Dr) Ashis Kumar Panigrahi,
Pro-Vice Chancellor,
The University of Burdwan

Speaker:

Prof. Asish Kumar Paul,
Department of Geography and
Environment Management, Vidyasagar
University

Speaker:

Dr. Purnabasu Chaudhuri,
Department of Environmental
Science, University of Calcutta

Web platform:- Google meet. Webinar meeting ID and
Password will be sent to the registered participants only.

Registration is free of cost. Last date of registration 22.07.2020 till
5:00 pm. An e-certificate will be provided for attending the
WEBINER.

Contact for further details:

Dr. Kapil Ghosh (Email: ghoshk.geo@gmail.com)

ABOUT THE WEBINAR

World Environment Day is celebrated every year on June 5, to remind people to not take nature for granted, and to read the signs, understand them, and act accordingly. It is one of the biggest annual events in the world run by the United Nations to raise awareness among people. The World Environment Day 2020's theme is '**Celebrate Biodiversity**', and the host country is Colombia, in partnership with Germany. The theme is extremely relevant because human beings are part of the ecosystem and cannot continue to survive in isolation. Biodiversity is important for the survival of all living things big and small, on land, or in water. Every aspect of human health is affected by it. We need to understand that while there may be a food chain and ranking of species, every living thing is connected to another living thing, and together it forms a network of diverse life forms on the planet.

Programme

Date: 23 July 2020

- 12:30 hrs : Welcome of Guests
- 12:35 hrs : Inaugural song by Shri **Somnath Sarkar**
Department of Geography, DHWU
- 12:40 hrs : Welcome address by **Professor Sujit Mandal**
Dean, Faculty of Science. DHWU
- 12:45 hrs : Inaugural speech by **Professor Anuradha Mukhopadhyay**
Hon'ble Vice Chancellor, DHWU
- 12:50 hrs : Key-note address by **Professor Ashis Kumar Panigrahi**,
Pro-Vice Chancellor, Burdwan University
Topic: **Studies on fish diversity loss in some rivers of South Bengal due to anthropogenic pollution**
- 13:30 hrs : Speech by **Professor Asish Kumar Paul**
Department of Geography & Environment Management,
Vidyasagar University
Topic: **Coastal Biodiversity with Special Reference to Sundarbans**
- 14:00 hrs : Speech by **Dr. Purnabasu Chaudhuri**
Department of Environmental Science, University of Calcutta Topic:
Climate Emergency and Polar Biodiversity
- 14:30 hrs : Interaction with the speakers
